Mopping Up Again

Chris Hart, Mayor

For the second time in as many years Ivins City experienced a thousand year storm event as classified by the National Weather Service with a five hundred year storm thrown in for good measure. With half our average annual rainfall coming the second week in September the city was left with a number of problems to solve and a lot of cleaning up to do. Regions of the city receiving the most rainfall varies from storm to storm and each major one has exposed a different problem set that needs to be addressed before the next one hits.

No city designs its storm water drainage system for these types of events. To do so would be astronomically expensive. Engineering criteria typically ranges from ten to one hundred year storm flows. Thus when extreme events occur storm water runoff overwhelms drainage systems and roads become rivers, manhole lids are lifted out of place and excess water finds its historic drainage path or carves a new one sometimes through people's yards or worse yet through their homes or businesses.

Sadly in our two recent events homes were flooded primarily along Puerto Drive, Four Hundred South and near the washes in Kayenta. A video taken near Coyote Gulch and downloaded to You Tube shows a literal river of mud and debris flowing down and across the streets there. Boulders as large as five feet in diameter were seen being tossed down the washes like pebbles. Culverts were damaged or in one case ripped completely apart. Former Mayor Jack Reber told his son in law Councilman Ron Densley that in his nearly ninety years as a resident of Ivins he's never seen anything like it.

There is no way to prepare completely for such events but weather service information at least gives us advance warning of possible of flash flooding. After the first major storm two years ago our Public Works staff has filled sand bags in advance making them available to residents on a

moment's notice. They are stored on pallets behind City Hall and at the Public Works maintenance yard next to the cemetery. In addition to our Public Works employees who were called out early in the morning to man backhoes and shovels to clear debris from storm drain inlets staff from other city departments helped fill and deliver sandbags. Our Public Safety officers and volunteers were as always our first responders. They set up pumps and placed sandbags in a gallant effort to minimize the damage. Incident Command Centers were established to monitor trouble spots and respond with resources. I want to thank all of those dedicated people for their service to the city during these emergencies with additional thanks going out to neighbors and friends who waded into the muddy water to carry furniture and other possessions out of flooded homes and help those suffering the greatest losses to clean up and fix up afterward.

In the aftermath our street cleanup has continued for weeks. The first areas addressed were those where the safety of people and property remained at risk followed by collector streets and lastly those in our neighborhoods. Before cleanup could begin efforts were made to mitigate further potential damage in a recurring event by clearing washes and building check dams. Long term the city is installing additional storm water inlets in areas where they were overwhelmed and adding pipelines to reduce the surface flows that compounded the problem with the mud and debris that they carried. On the west side the city is collaborating with landowners to direct storm water flows from open fields toward major washes to keep it from migrating onto streets and into developed neighborhoods. We as city officials have also decided to re-open our storm water master plan and conduct new studies acknowledging that these storm events may not be as isolated as we had once thought and formulate new plans to deal with the areas that are most impacted by major storms.

There are some additional preventative measures that you can to protect your property and that of your neighbors. If you live near a wash or drainage easement help keep it free and clear of manmade obstacles and vegetation that will trap debris and force water towards yours or your neighbor's homes. In extreme cases armoring embankments with boulders or building low retaining walls to control storm flows might be a solution. At the very least have some sandbags on hand during storm season to place against doorways or across driveways to keep the water from damaging the interior of your homes. The lessons learned from recent major storms will hopefully help us to better prepare for those that may come in the future. It would be foolhardy to believe that they won't.

Suntran Open House

David Glenn, Public Works Director

Ivins City and the City of St. George have joined together and are bringing the Suntran bus service to Ivins. This service is tentatively scheduled to begin January 15, 2015. The City and Suntran officials have been working hard to design a route that will meet the needs of the community while still being able to stay on a schedule that allows transfers to other bus routes at Sunset Corner. St. George is also considering adding a new route to the Bloomington Walmart area, expanding shopping possibilities to our resi-

dents as well as others.
One Federal requirement of expanding the bus service to Ivins is to hold a public open house to discuss and receive input regarding the proposed route, times of service, etc. This open house is scheduled for November 19th between 10:00 a.m. and 6:00 p.m. at City Hall, so mark your calendar. There is a possibility that St. George will offer tours during the open house to those who would like to ride the route on one of their buses.

Ivins City Fire Department Kayenta station Open House

Randy Hancey, Fire Chief

The new station is part of the new office/ business facility located in the Coyote Gulch area. To get citizens and the community familiar with the new facility, you are invited to an Open House on Wednesday, November 5, from 5:30 to 7:00 pm. Come by and meet your local volunteer firefighters and check out the new building. This building will house an engine, two brush vehicles, and equipment for firefighters in the Kayenta area.

Holiday Cooking Safety

Randy Hancey, Fire Chief

Be safe this month with your holiday cooking. Cooking fires are the number one cause of home fires and home injuries. The leading cause of fires in the kitchen is unattended cooking. It's important to be alert to prevent cooking fires. Here are a few safety tips to keep in mind when cooking your holiday meals:

What you should know

- Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop.
- Stay in the kitchen while you are frying, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove.
- If you are simmering, baking, roasting, or boiling food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you are cooking.
- Keep anything that can catch fire — oven mitts, wooden utensils, food packaging, towels or curtains — away from your stovetop.

If you have a cooking fire

- Just get out! When you leave, close the door behind you to help contain the fire.
- Call **9-1-1** or the local emergency number after you leave.
- If you try to fight the fire, be sure others are getting out and you have a clear way out.
- Keep a lid nearby when you're cooking to smother small grease fires. Smother the fire by sliding the lid over the pan and turn off the stovetop. Leave the pan covered until it is completely cooled.
- For an oven fire turn off the heat and keep the door closed.

Be safe and enjoy your holiday meals!

Vista School

Clif Oram, Assistant Principal

We are so proud of our amazing students! Vista students were able to participate in the annual Shakespeare Competition in Cedar City in October with around 4,000 other students from around the country. We had representatives from our Dance and Theater departments compete and attend workshops. Our students represented Vista incredibly well and got to have our Ivins City name mentioned over and over throughout the weekend. We even had our dance duo take second place in the Stratford division, which is an incredible accomplishment!

We have also been busy in many other ways at Vista, with students performing and traveling for educational field trips all around our beautiful Southern Utah home. In November, the fun continues with many opportunities for our friends and family to see our students' activities and accomplishments. From Nov. 11 -13 our 1st-3rd grade students will be presenting their fall performance with a patriotic theme in our auditorium. On Nov. 15th our orchestra students will be participating in the Southern Utah String Festival. The week of Nov. 17-20 will be our SEP week, and during that same time we will have our scholastic book fair happening in the library. Many of our students will be performing at the Jubilee of Trees on Friday, Nov. 21st starting at 2:30. Vista students will be presenting piano recitals at the school on Nov. 21, 23, and 24. There will be no school Nov. 26 -28 for Thanksgiving Break.

We at Vista continue to be grateful for our Ivins community and for the support and assistance we receive from city officials, public servants, and residents.

Red Mountain Elementary

Amy Mitchell, Principal

Classrooms are humming with amazing learning experiences. We are having a great year at Red Mountain Elementary! Each week I meet with our grade level teams and we discuss the progress of our students and how we can best meet their diverse needs. Our teachers are committed to ensuring high levels of learning for every student.

As a STEAM (Science, Technology, Engineering, Art, and Math) school we have art classes, computer classes, and piano keyboarding classes in addition to our regular classroom content based on the Utah State Core. New this year, we have monthly assemblies focussing on one of our STEAM components. In September we had local artist, Matt Clark, share his inspirational story and some of his amazing sculptures. After the assembly, each class was given sculpture making supplies to practice their creative skills. In October we are having scientists from Dixie State University. They will show a few amazing science experiments with the school and then each student will be able to continue with a fun science experiment in their own class! In November our assembly will focus on technology

and our students will learn basic computer coding skills.

Lastly, RMES offers evening parenting workshops held at the school. For a schedule of upcoming workshops please visit our website at rmes.washk12.org. The workshops are led by licensed marriage and family therapist, Larry Bradley. We have received many positive comments from these classes. Parents attending have said that they can implement suggested strategies immediately and they are seeing great results! Classes are free to anyone (you don't have to have students at RMES), however, if you are a parent of an RMES student, a manual has been purchased for you.

Remember, Red Mountain is a very happy place to volunteer. We know there are many talented, wonderful people in our community. You are welcome to share your talents at our school!

The Pet Corner

Greetings from the Ivins Animal Shelter
Aggie Smith, Ivins Animal Shelter

The Ivins Animal Shelter and Adoption Center has certain requirements for releasing your pet to our shelter. All dogs and cats must be spayed or neutered and current on vaccinations. A fee of $80.00 is also required with the release of your animal. This also applies to the residents of Santa Clara City. We are a municipal shelter and are required by law to pick up strays. However we are not required to take owner releases unless they meet our criteria. Ivins Shelter will make every effort to help place your animal if we cannot take it.

Having your pets spayed and neutered is so important on many levels, as well as having their vaccinations. If your pet is picked up as a stray, you will be required to show current rabies and a license from Ivins City. Ivins City license fee is five dollars a year. Licenses can be purchased at the Ivins Animal Shelter. Cats do not need to be licensed, but are required to have rabies vaccinations. Ivins City and Santa Clara City both hold vaccination clinics, usually in January or February, so look for those dates. These will be low cost vaccinations and licenses the same day. Any questions regarding this please contact the shelter at 435- 628-1049.

Best Friends is still running their Community Cat program. You can have your cats spayed and neutered at no cost to you simply by contacting our shelter. This may require you to bring your cats to the shelter at a certain time, on a certain date. You can contact the shelter for more information about this program.

A big shout out to Shailyn Lamb, an Ivins resident, who raised money for our shelter! Thanks again Shailyn!

Greetings from Friends of Ivins Animal Shelter
Linda Elwell, Friends of Ivins Animal Shelter

Working together to save the homeless pets as a team is saving lives. However, we really need volunteers to assist in the program. Even if you only have a couple of hours each week to devote to the program, that would be a tremendous help. It takes all of us working together to "Save Them All"! Please contact us for more information.

Our "Wish for the Month" is Purina Kitten Chow (yellow bag) and scoopable cat litter. Our supply is low due to the number of unwanted kittens and cats coming to the shelter. Your assistance with this program helps so many pets. Donations are accepted at the Ivins Animal Shelter & Adoption Center Monday through Saturday, 8:00 AM to 3:00 PM. Thank you for helping the adoptable pets.

It is important that pets are spayed/neutered for their health and to help reduce the number of unwanted pets. FIAS has a low cost program available through Washington Family Veterinary Clinic. We also have a TNR program available for feral cats. The TNR program has resulted in dramatic reduction of feral cats in many areas. Please contact us for more information.

November will feature our "We Are Grateful" adoption promotion. Please watch for information on Facebook, The Spectrum and Independent websites. Adoptable animals are also featured on Petfinder.com by entering the zip code 84738. Our adoption fees will be reduced and we have special homeless pets waiting for YOU to come to their rescue. There will also be a good surprise or two for adoptive families. This adoption promotion is special to us because we are so grateful to all of the volunteers, donors and foster families who assist us on a daily basis.

Sarge and the "SAF" account are great examples of the fantastic support we receive from throughout Utah and across the United States. The "Sarge Abuse Fund" is still growing. FIAS is grateful to everyone who donated to Sarge's medical bill and those who are still donating so we can increase the awareness about the abuse fund. Hopefully, we will never have to use it!

Happy Thanksgiving! Contact Information: linda-fias@msn.com or 435-673-1718.

INKAS- Ivins No-Kill Animal Supporters
Barbara Rusick, Director/Treasurer

Mark your calendar for the third annual *Fur& Purr Bash* on Saturday, November 22, 6:00 to 9:00 pm at Red Mountain Resort. This will be an evening of fun and entertainment for the benefit of the homeless animals of Ivins and Santa Clara. For details and tickets go to our website INKAS4pets.org, or call me at 656-4970.

You should also pay a visit to the Ivins Shelter to see all the

beautiful, adoptable cats and kittens and their new KITTY CONDOS! Material costs for these new sleeping, playing, climbing structures have been paid by INKAS. The actual building of the Kitty Condos is a project led by INKAS Volunteer Associates, with the valuable assistance of Shelter Volunteers and Shelter Employees.

Our sincere thank you to the Kayenta Arts Foundation for affording INKAS space at the recent Art in Kayenta Festival. We did well, and appreciate the Foundation's generosity.

Pets of the Month

Pet Name: Dudley
About the Pet: Dudley was rescued from another shelter to save his life. He is a good boy. However, Dudley is a special needs dog. Dudley needs to find a home where his needs will be understood and he will be loved. Please call Aggie for information about Dudley's needs, 435-628-1049. The shelter is a hard place for Dudley and the sooner he can find a new loving family the happier he will be. As you can tell by his picture Dudley loves his leash. Please consider opening your heart and home to Dudley. If you have general questions please call Friends of Ivins Animal Shelter at 435-673-1718.

Pet Name: Mr. T
About the Pet: Mr. T is a very handsome and distinguished looking cat. His coat color is beautiful. He posed so nicely for his shelter picture. Mr. T is 5 years young and a very good cat. He would make a fantastic addition to your family. He is loving and playful, everything you could want in a cat. For more information about Mr. T or to make arrangements to meet him and all of his friends at the shelter please call Aggie at 435-628-1049 or Friends of Ivins Animal Shelter at 435-673-1718.

Adoption Fee: The adoption fees at the Ivins Animal Shelter and Adoption Center are $50 for dogs and $25 for cats. However, special reduced fees are featured throughout the year.

Where to Meet this Pet:
Ivins Animal Shelter and Adoption Center
474 North 200 West, Ivins, 435-628-1049
Hours: Monday - Saturday, 8:30 a.m. to 3:00 p.m.

3rd & 4th Grade Division (co-ed) Tuesday Evenings
5th & 6th Grade Division (co-ed) Wednesday Evenings
Registration begins – October 7
Registration ends – November 15

Our 1st & 2nd and 3rd & 4th grade divisions are very recreational and instructional, where volunteer coaches play a big part in teaching players basic basketball skills, teamwork, sportsmanship and how to have fun playing basketball!
Our 5th & 6th Grade division is a bit different from our younger divisions; we will draft all players onto teams to keep teams evenly matched. The draft practice is currently scheduled for Wednesday, December 10th at 5:30 p.m. at Lava Ridge. Games are held weekday evenings at Lava Ridge Intermediate School or possibly Red Mountain Elementary.
Registration Fee - $25.00
Volunteer coaches needed! We would like to have all coaches selected before November 1st so we can get everything ready for the league to start. If you would like to help coach, please let us know when you register your child.

We will only be able to take the number of players that we have coaches for. If we have more players than we have coaches, we will issue refunds to those we do not have coaches for. Registration is taken on a first-come-first-serve basis! Space is limited; we only have spaces for 8 players per team and only 8

teams per division. Sign up at the Ivins City office! (55 North Main) or online at www.ivins.com. For more information call the Parks & Recreation Department at 435-634-0689.
